**Call Dig | Safely New York**  
before you dig at 811 or  
1-800-962-7962

## SPRING DIGGING

**CALL 811 & US BEFORE YOU DIG!**

We receive many calls throughout the Spring and Summer letting us know that homeowners or their contractors have hit their internet lines, disrupting their service. Prior to starting any project where you will be digging, you should call 811 each time and also call us directly. While companies thought to be in the area with utility services will be notified to mark their lines, your secondary internet drop lines are not included in that! However, we are happy to come mark those lines for you so that you can avoid hitting them, avoid a fee for repair and avoid losing service while awaiting that repair!

Before you dig - give us a call at 607-293-6622 if you have underground internet lines!

## CONTACT INFORMATION

Ensure you keep your account information up to date with us so that we can reach you with any questions or concerns on your account. Have an active email? Provide it to us so that we keep you in the loop with new offerings, newsletters, account updates and more!

## OECONNECT UPDATES

We are proud to announce we are now serving over 4,400 valued customers with our OEConnect Broadband internet service, reaching into four local counties. Thank you for trusting us as your internet provider - we look forward to continuing to serve you!
